

Jew Admits "Holocaust" Is A Fraud And A Psyop

EARLIER today, Carolyn Yeager posted a truly remarkable excerpt of an article titled, *On the Roads of Truth: Searching for Warwick Hester* by Klaus Schwensen, published in the recent edition of *Inconvenient History*, in which an American Jewish man admits the alleged "Holocaust" of 6 million Jews in Europe at the hands of Hitler and the NSDAP during WWII is an utter fraud. Carolyn writes (bold and underline mine):

An astounding admission from a Jewish American psychologist is found in an article in the current (Summer 2012) issue of *Inconvenient History Journal*. It's titled "On The Roads of Truth: Searching for Warwick Hester" by Klaus Schwensen.

Schwensen tells of a certain "Warwick Hester" who (in the 1950's) wrote "critically about the 6-million number and the Jewish death toll in what since became known as 'the Holocaust.'"

"Warwick Hester" mentions the increase of the Jewish world population by 3 million between 1933 and 1950, which of course is in contradiction to the 6 million murdered by the Nazis. In this connection, he tells the following story:

"Recently when talking to a North American of Jewish origin whom I esteem very much I referred to that discrepancy [of Jewish population numbers]. I asked him whether he himself believed in earnest that the Nazis had killed 6 millions. He said: 'Naturally not. For that they had neither the time nor the means. What they obviously had, was the intention. Here begins politics [i.e. the psychology of propaganda]. Given the imputed intention, you can make any number. We thought that 6 millions are not too much to appear plausible, but sufficient to make mankind shiver for one century. This chance Hitler has given to us, and we make the most of it, to good effect, as you see.' I said he ought to consider that a political lie like this will, in light of subsequent investigation, disclose itself and turn against those who invented it. But this Jew, a psychologist, denied that. It [the propaganda] had penetrated too deep into the subconscious of the masses, so that it could never be dislodged. Humans in general are completely uncritical. What is anchored in the subconscious, even an individual with common sense almost never is able to expunge. As a proof he cited the fact that already now [1954!], after a relatively short propagandistic campaign, that item required no further discussion. 'We have no problem, since we have created a historical fact which from now on is in the history books of schools, like the date of a battle.'"

Truly amazing stuff here folks, the Big Lie technique of psychological manipulation and exploitation used by international Jewry to advance their supremacist agenda of world domination and subjugation admitted by a Jew himself. I'm reminded of Adolf Hitler's perfect summation of this thoroughly Jewish tactic, which targets the "uncritical" masses (including Jews), playing on their psyche and emotions.

But it remained for the Jews, with their unqualified capacity for falsehood, and their fighting comrades, the Marxists, to impute responsibility for the downfall precisely to the man who alone had shown a superhuman will and energy in his effort to prevent the catastrophe which he had foreseen and to save the nation from that hour of complete overthrow and shame. By placing responsibility for the loss of the world war on the shoulders of Ludendorff they took away the weapon of moral right from the only adversary dangerous enough to be likely to succeed in bringing the betrayers of the Fatherland to Justice. All this was inspired by the principle - which is quite true in itself - that in the big lie there is always a certain force of credibility; because the broad masses of a nation are always more easily corrupted in the deeper strata of their emotional nature than consciously or voluntarily; and thus in the primitive simplicity of their minds they more readily fall victims to the big lie than the small lie, since they themselves often tell small lies in little matters but would be ashamed to resort to large-scale falsehoods. It would never come into their heads to fabricate colossal untruths, and they would not believe that others could have the impudence to distort the truth so infamously. Even though the facts which prove this to be so may be brought clearly to their minds, they will still doubt and waver and will continue to think that there may be some other explanation. For the grossly impudent lie always leaves traces behind it, even after it has been nailed down, a fact which is known to all expert liars in this world and to all who conspire together in the art of lying. These people know only too well how to use falsehood for the basest purposes.

From time immemorial; however, the Jews have known better than any others how falsehood and calumny can be exploited. Is not their very existence founded on one great lie, namely, that they are a religious community, whereas in reality they are a race? And what a race! One of the greatest thinkers that mankind has produced has branded the Jews for all time with a statement which is profoundly and exactly true. He (Schopenhauer) called the Jew "The Great Master of Lies". Those who do not realize the truth of that statement, or do not wish to believe it, will never be able to lend a hand in helping Truth to prevail.

It was also announced today that 80,000 more "Holocaust" survivors would receive compensation payments from the German government, totaling \$300 million:

Germany has agreed to provide restitution payments to an additional 80,000 Jews in what Claims Conference officials are describing as a historic breakthrough.

The agreement, which was reached Monday in negotiations between German officials and Claims Conference representatives, is likely to result in additional payments of approximately \$300 million. Most of the money will go to Nazi victims in the former Soviet Union who have never before qualified for pensions or payments from German restitution money.

"This is the last group of people who have never received any compensation," Greg Schneider, the executive vice president of the Claims Conference, told JTA in a telephone interview from Washington, where the negotiations took place.

“For people who suffered during the time of the Shoah, recognition from Germany is vital. To be able to do that at this stage, 60 years after the first restitution agreement, for 80,000 people, is tremendous,” he said. “For a survivor now in their old age to finally get acknowledgment from Germany is critically important.

Words cannot describe how backwards and unjust of a world we are living in today. Jewish "Holocaust" survivors around the world (wait, I thought the Germans tried killing all the Jews? Why are there so many survivors?) have been paid untold millions of dollars by the very people who experienced an actual holocaust during WWII: the German people. In a just world, the Jews would be paying reparations to the Gentile world for all the wars, death, destruction, genocide, and other atrocities and psychological manipulations they have perpetrated against us. The plutocratic Jewish capitalists, bankers, war-mongers and profiteers, media moguls, and overall fraudsters would be arrested immediately, stripped of their assets, and sent to Guantanamo Bay for interrogation, permanently removed from society, never to hold a position of influence over the affairs of the non-Jewish world ever again.
